WORK EXPERIENCE

Old Dominion University Housing & Residence Life - Summer Conferences

Graduate Assistant

Norfolk, VA

May 2025 – Present

- Created and managed SQL-based reports in StarRez to track occupancy, billing, and check-in/out data across summer housing facilities.
- Analyzed housing data to support forecasting and reduce manual tracking for over a dozen summer camps and conference groups.
- Facilitated the contracting and insurance setup process for external camp clients, ensuring compliance and timely approvals.
- Supervised and scheduled 20 Summer Conference Assistants, maintaining staffing coverage and performance tracking across multiple residence halls.

Old Dominion University Recreation & Wellness - Membership

Membership Engagement Specialist

Norfolk, VA

December 2021 – May 2025

- Used Excel to analyze membership and attendance data across 3 facilities serving 2,000+ daily visitors, identifying usage trends to support marketing and engagement strategies.
- Conducted audits of membership records and CRM data to improve accuracy, resulting in more targeted promotional outreach.
- Managed scheduling and performance tracking for 40+ student employees, optimizing staffing through data-driven decisions.

PROJECTS

Conference Operations Dashboards | SQL, StarRez (CRM)

- Built and optimized SQL reports, integrating event, function, and booking data to automate reporting and reduce manual tracking for conference operations.
- Developed SQL-based dashboards to track conference status and monitor amenity allocation (e.g., linens, fridges), providing real-time visibility into event pipeline and resource needs.

AWARDS & RECOGNITION

- Employee of the Year nominee for ODU Recreation & Wellness Department (2025)
- Employee of the Month for ODU Recreation & Wellness's Facilities Department (August 2024)
- Employee of the Month for ODU Recreation & Wellness's Membership Department (April 2023)
